A SENIOR COLLEGE IN THE UNIVERSITY SYSTEM OF GEORGIA
404-834-1388

OFFICE OF THE PRESIDENT

Dear Colleagues:

West Georgia College is deeply committed to making the best possible use of the resources allocated through the Board of Regents and the State Legislature, and we are well aware that proper planning is necessary for this process to be successful.

One of the essential ingredients in institutional planning is the compilation, analysis, and use of statistical data and other information relating to the function of the College. This document is designed to help meet that need.

For the sixth consecutive year, the Division of Budget and Research Services, with the assistance and cooperation of offices throughout the campus, has collected, published, and distributed this Fact Book which profiles many aspects of the institution's work.

Its purpose is two-fold: The central focus is to get accurate, timely information in the hands of the College's planning units for internal considerations; a secondary purpose is to acquaint outside constituencies with a measure of the successes of the College in meeting its overall goals.

The past and the present are important ingredients in the formula that will evolve into what the institution becomes in the future. It is essential that appropriate personnel within and outside the College be aware of these distinguishing features as the path for the future is charted. I feel confident this document will help fulfill that need.

Sincerely,

Maurice K. Townsend
President

fm

West Georgia College Fact Book

Preface and Acknowledgments

The Division of Budget and Research Services is proud to offer the West Georgia College *Fact Book* 1986-1987. Thanks to improved technology, this volume features new graphics and attractive displays. However, our major purpose continues the tradition of providing reliable statistical data and summary information through sound institutional research. The *Fact Book* is designed to answer the most frequently asked questions about the College, to be a point of reference for institutional self-study and planning, and to serve as an institutional profile for our many publics.

Ms. Laura H. Lamb, Coordinator of Institutional Research, compiled and edited the 1986-87 *Fact Book*. Her tireless efforts and attention to countless details made this volume possible. Special contributions of Ms. Charcie C. Inman, Budget Analyst III, and Ms. Teresa C. Stamps, Research Analyst are acknowledged.

In addition, individuals representing many different College units provided data, information and suggestions that contributed to the expansion and improvement of the *Fact Book*. Mr. Francis C. (Chuck) Ormsbee, Media Utilization Specialist, deserves special recognition for producing the new graphics displayed in this volume. Our gratitude is extended to Ms. Lisa W. Ledbetter, Director of Publications and Printing and the Central Duplicating staff for their dedicated service. Through hard work and professionalism, these individuals and others have assisted in making possible the 1986-1987 *Fact Book*.

Richard A. Folk, Director
Division of Budget and
Research Services

General Information

WEST GEORGIA COLLEGE

HISTORY

West Georgia College is a coeducational, residential, liberal arts institution located in Carrollton. A senior college unit of the University System of Georgia, it enrolls students from most counties in Georgia, as well as from other states and several foreign countries.

The College is situated on the western side of Carrollton, the county seat of Carroll County and one of Georgia's fastest growing industrial areas. Carrollton serves a regional population of more than 100,000 as a center for retail shopping, medical and educational services, entertainment and recreational activities, and financial services. Carrollton is an hour's drive from Atlanta via Interstate 20.

West Georgia College originated in 1906 as the Fourth District Agricultural and Mechanical School, one of twelve such institutions established by the State of Georgia between 1906 and 1917. Twenty-seven years later, Carrollton's A & M School became West Georgia College, a junior college established by an act of the Board of Regents of the University System of Georgia. Dr. Irvine S. Ingram, who had been principal of the A & M School, was named the institution's first president.

In 1939, the College was authorized by the Board of Regents to add a three-year program in elementary education. In 1957, the institution was authorized to confer the B.S. degree in Education, making it a four-year senior college unit of the University System of Georgia. Two years later, West Georgia College added the Bachelor of Arts degree in the fields of English, history, and mathematics.

During the following 12 years, West Georgia College became one of the fastest growing institutions of higher learning in the South. From an enrollment of 576 in 1957, the institution's student body now numbers approximately 6,150 students. West Georgia offers nine undergraduate degrees, the Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, Bachelor of Business Administration, Bachelor of Music, Bachelor of Science in Recreation, Bachelor of Science in Earth Science, Bachelor of Fine Arts, and Bachelor of Science in Nursing with majors in nearly fifty different fields.

In 1967, the Board of Regents authorized the initiation of a graduate program at the master's level. The following six Masters degrees are offered in a combined total of 28 areas of study: Master of Arts, Master of Business Administration, Master of Education, Master of Music, Master of Public Administration, and Master of Science. The Specialist in Education degree is offered in eight areas of study.

The Associate of Arts, with a major in education, and the Associate of Science, with majors in computer science, criminal justice, nursing, and office administration, have all been added as two-year programs since 1973.

To accommodate the College's growth, a multi-million dollar building program has increased the value of the College's physical facilities to more than \$101.3 million. From a beginning of three small buildings, the College has grown to include more than 40 structures of learning, living, and recreation on its 394-acre wooded campus.

PURPOSE OF THE COLLEGE

West Georgia is a multi-purpose public institution providing a liberal arts experience for all its students as a base for their entire educational program. It provides educational preparation in the liberal arts and for professional careers, community college terminal instruction for students from the local geographical area, and special academic options in honors, general and transitional program areas. It seeks to provide a distinctive and realistic educational environment wherein each student may attain a disciplined and open mind, a capacity for self development, and the knowledge and skills essential for living in a free society. This environment includes the opportunity for original thinking, the exchange of ideas, and scholarly involvement with one's natural and cultural heritage.

In the fulfillment of this purpose, the College asserts its faith in higher education, liberal and otherwise, for all who earnestly seek it and can profit from it. The College emphasizes creative teaching, encourages research, and promotes the general advancement of knowledge through undergraduate and graduate programs within a broad spectrum of studies. Programs and services vital to student life, including attention to physical and mental well-being and the problems of adjusting to societal mores, are provided to complement these academic aims. The College also seeks to serve as a center to promote the development of human and natural resources through continuing education and public service programs.

ACCREDITATIONS AND AFFILIATIONS

West Georgia College is fully accredited through the master's level by the Southern Association of Colleges and Schools. All programs preparing teachers through the master's level are accredited by the National Council for Accreditation of Teacher Education, and the undergraduate School of Business programs are accredited by the American Assembly of Collegiate Schools of Business. The College's work in the field of teacher education is fully recognized and accredited by the Georgia State Department of Education. Women graduates of the institution are eligible for membership in the American Association of University Women.

Among Organizations in which the College holds institutional membership are the following:

- American Assembly of Collegiate Schools of Business
- American Association of Colleges for Teacher Education
- American Association of State Colleges and Universities
- American Council on Education
- Georgia Association of Colleges
- Georgia Board of Nursing
- National Association for Foreign Student Affairs
- National Association of Schools of Music
- National Business Education Association
- National Commission on Accrediting
- National Council for Accreditation of Teacher Education
- National League for Nursing
- Southern Association of Colleges and Schools

THE CAMPUS

The campus is a unique blend of the old and the new. Covered with a variety of trees and flowers, the campus is dotted with structures of the early 1900's, as well as buildings exemplifying the most contemporary modes of architecture.

On the front or "Old Campus" as it is sometimes called, a three-block-long expanse of rolling hills shaded by scores of old, towering oak, elm, and maple trees surrounds a number of faded brick buildings stretching in a semi-circle adjacent to the park. This is where West Georgia College began as an A & M School in 1906.

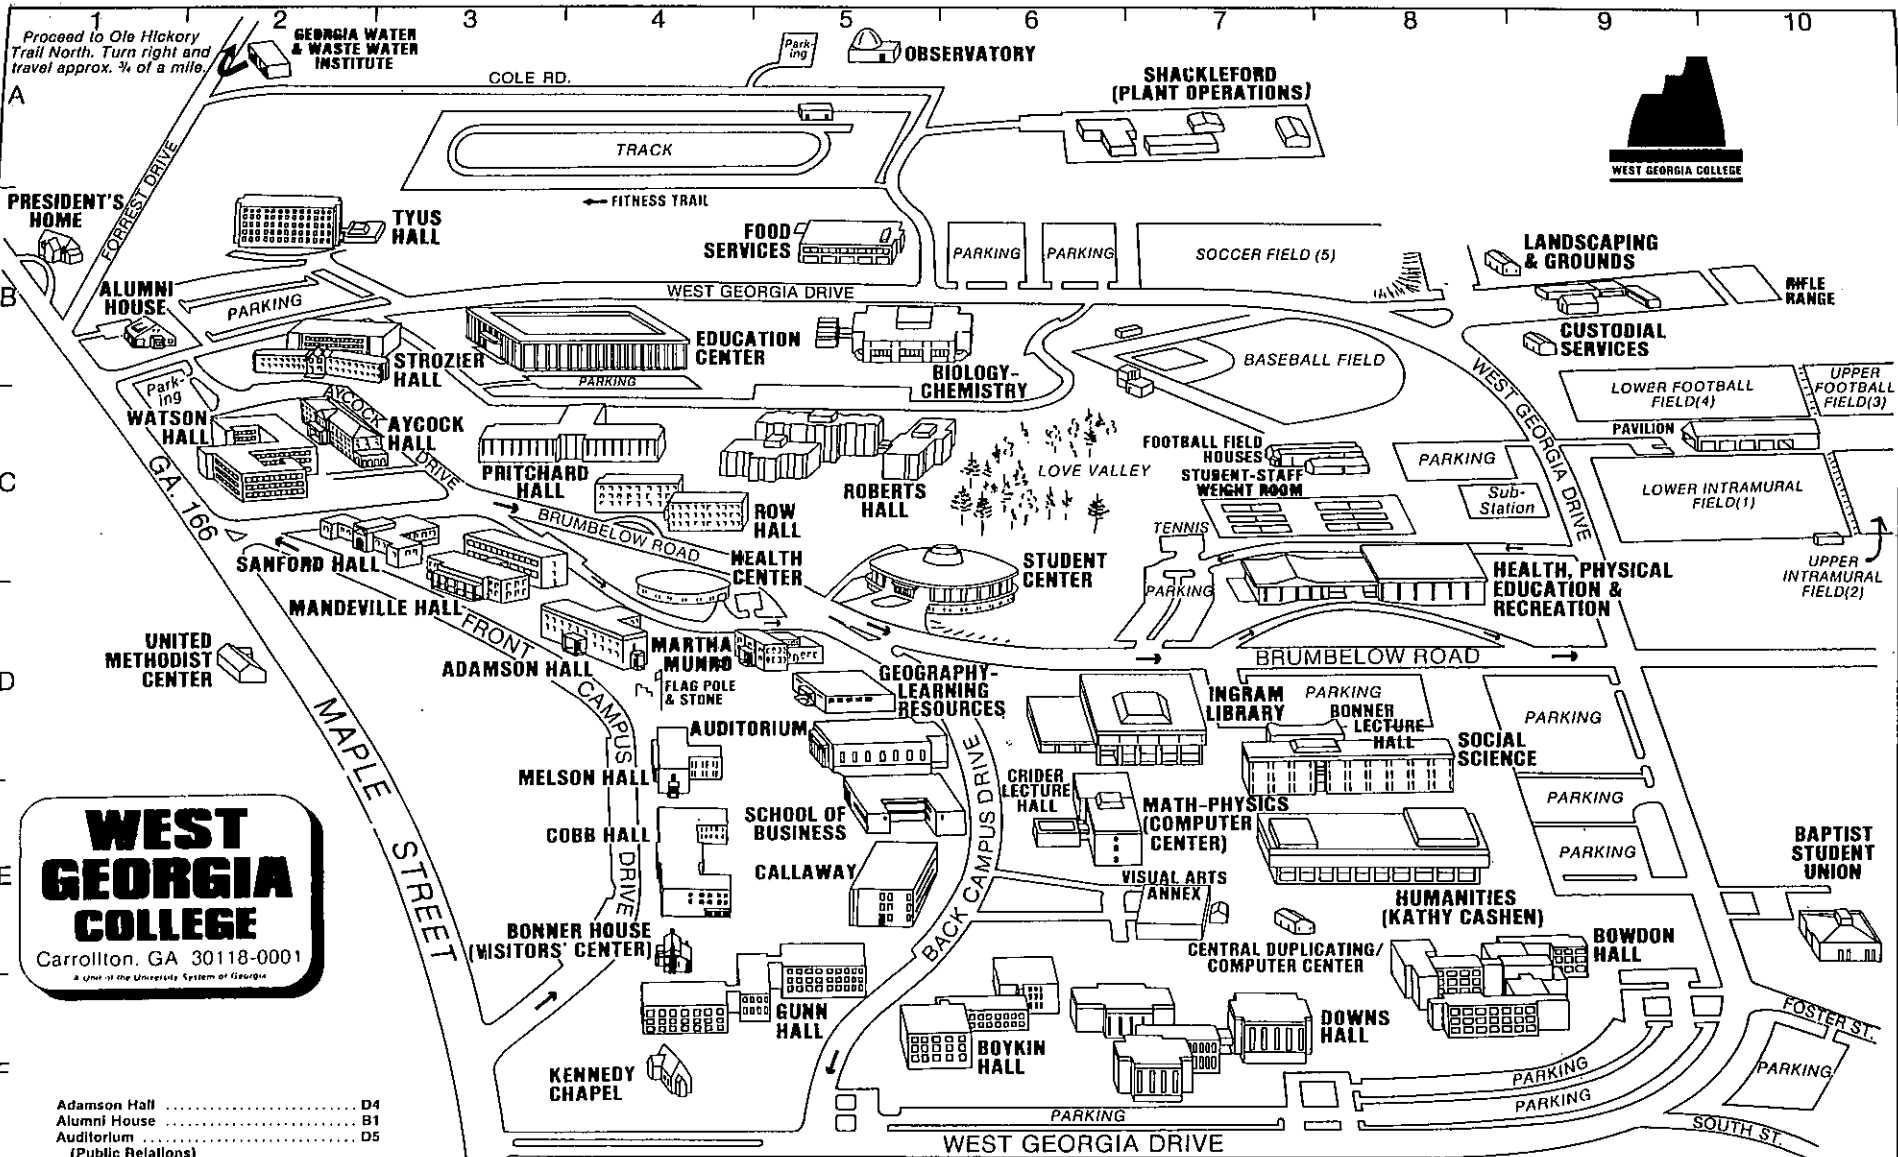

Beyond the Old Campus is a modern academic complex composed of a library, social science, humanities, and math-physics building. A new business school annex was added in 1985. Scheduled for construction in the area is a performing arts center, containing two theatres, seating 250 and 500 respectively. Alumni and friends of the College have contributed over \$450,000 to outfit it with the latest equipment and furnishings. Other buildings in the area include a three-story student center, a health and physical education center featuring a 3,000 seat gymnasium and an indoor pool, and one of the most modern college infirmaries in the state.

Much of the College's physical development has been on the western side of the campus. Located in the area is one of the most unique structures in the University System, the Education Center. The structure contains five large lecture-demonstration rooms which can be changed by sliding partitions into an auditorium seating nearly 1,000, an instructional materials center, television and sound recording studios, audio-visual laboratory and dark room, counseling rooms, group observation rooms, study carrels, and other areas of independent study.

Adjacent to the Education Center is the Biology-Chemistry Building, a facility which includes numerous laboratories, classrooms, lecture halls, and the latest scientific equipment. Other buildings in the area are Tyus Hall, a five-story residence hall which houses upperclassmen, graduate students and married students; a multi-structure plant operations compound; a large food service and activity center; and a well-equipped observatory.

Eleven residence halls are located on the campus, including the five-story high rise hall previously mentioned. One of the newest halls, Bowdon Hall, was named in honor of Bowdon College, a predecessor of West Georgia College.

Two of the oldest and most treasured buildings on campus are the Kennedy Interfaith Chapel and the Bonner House. The Kennedy Chapel was named in memory of the late President John F. Kennedy. At one time the Chapel was owned by the Episcopal Church and later by the Catholic Church. When a new Catholic Church was constructed, the local group gave the Chapel to the College for non-denominational use. In 1966, it was dedicated by the late Robert F. Kennedy in memory of his brother. The Bonner House, constructed in 1843, is the oldest building on campus. The frame colonial structure was originally built as a plantation home and through the years has served various purposes. Because of its historical nature, the house was selected by the Georgia Historical Commission as the site for a marker outlining the history of the College. After complete restoration the Bonner House now serves as a Visitor Center for the campus.

Proceed to Ole Hickory Trail North. Turn right and travel approx. 1/4 of a mile.

Fall	6,141	2.7	5,200	2.3

*The percent of annual change is calculated by contrasting each quarter with the same quarter of the previous year, e.g., the Winter 1981 headcount of 4,917 represents a 2.1 percent increase over the Winter 1980 headcount enrollment of 4,817.

**Based on 15 QCH as full load for each student upon census date of quarterly enrollment report.

HISTORY OF CONTINUING EDUCATION PROGRAMS FOR FISCAL YEARS 1977-1986

Categories I and II

Year	Programs	Participants	CEUs
1976-77	158	5,258	6,781
1977-78	220	5,305	6,135
1978-79	233	4,201	5,899
1979-80	215	3,736	7,589
1980-81	275	4,752	7,029
1981-82	247	4,195	6,452
1982-83	314	5,899	9,039
1983-84	333	6,643	10,547
1984-85	351	6,018	13,576
1985-86	353	7,474	11,395

Report combines Category I programs (occupational related) and Category II programs (personal/social/cultural/recreational activities) which are conducted through the Division of Continuing Education/Public Services.

HISTORY OF PUBLIC SERVICE PROGRAMS FOR FISCAL YEARS 1977-1986

Category III

Year	Programs	Participants	CEUs
1976-77	102	9,282	4,421
1977-78	54	5,500	10,328
1978-79	21	4,261	15,112
1979-80	34	3,610	13,695
1980-81	39	4,283	18,561
1981-82	41	4,678	18,019
1982-83	43	6,667	16,485
1983-84	42	6,250	15,772
1984-85	40	6,682	17,147
1985-86	48	7,832	22,703

The Category III programs report the public service efforts of the College in supporting programs and projects conducted on campus by non-college organizations. Since 1977, these programs have been typically summer camps and cooperative programs. The majority of these programs are coordinated by the Auxiliary Enterprises Office.

WGC General Budget Growth

Budget (in millions)

* FY 87 Figures Represent Budgeted Amounts.

West Georgia College operates through the use of three major budgets:

- (1) **The Educational and General (E & G) budget** includes funds received from state appropriations, internal revenues (tuition and fees) and externally funded research grants. E & G funds are used for instruction, research, academic support, student services, institutional support and plant operations.
- (2) **The Auxiliary Enterprises budget** includes funds received from food services, housing, the bookstore, and vending machines, and the funds are used to operate each of these activities.
- (3) **The Student Activities budget** includes the revenues from activity fees and gate receipts, such as sporting events. These funds are then used to finance some campus student activities such as the debate team, student government, athletic programs, lecture series and concerts.

Alumni Association

WEST GEORGIA COLLEGE ALUMNI ASSOCIATION

The West Georgia College alumni are the largest single constituency related to the institution. The experience and the ability to each alumnus represent a valuable resource for service to the College. Services and programs of the Alumni Association form an integral part of the College's institutional advancement activities.

Membership in the West Georgia College Alumni Association is automatically conferred upon all graduates of West Georgia College, Bowdon College, or the 4th District A & M School and to all former students of these institutions who have attended at least three quarters. All other former students of these institutions are eligible for membership upon request. The telephone number of the Alumni Office is (404) 836-6582.

Through activities of the Association, alumni are informed of institutional plans, progress, opportunities, and needs. *Perspective*, the alumni newspaper, is sent to alumni and friends on a quarterly basis.

Major activities include Homecoming, Alumni Day, and the Annual Meeting of the Fourth District A & M Alumni Association. Alumni Clubs and class reunions involve hundreds of individuals each year.

OFFICERS

W.H. Smith ('63), *President*

Steve Sampler ('75), *President-Elect*

Greg Shadrix ('78), *Vice President*

Elaine Carnes Connally ('60), *Secretary*

Phyllis L. Fountain ('60-'69), *Director, Development and Alumni Services*

Phyllis Muse Bickers ('74-'76), *Coordinator of Alumni Services*

WEST GEORGIA COLLEGE FOUNDATION

The West Georgia College Foundation, Inc., is a non-profit organization founded and operated for the benefit of West Georgia College. Its functions include receiving and administering private funds and providing other services for the advancement of the College. The policies of the foundation are established by a Board of Trustees, composed of outstanding business and professional leaders, and by officers elected by the trustees.

The unrestricted gifts received by the foundation are being used currently to:

1. Underwrite an extensive program of student aid.
2. Provide equipment and services which cannot be funded by state appropriations, but which are necessary for institutional advancement.
3. Benefit the College in other ways subject to the approval of the Foundation's Board of Trustees.

The Foundation encourages unrestricted contributions which can be used in a manner deemed most beneficial to the College. Gifts, received for specific purposes that are approved by the College, are used where designated by the donor.

LIBRARY

Library

WEST GEORGIA COLLEGE IRVINE SULLIVAN INGRAM LIBRARY

The Library is one of the most important centers on any campus and West Georgia College's Irvine Sullivan Ingram Library is one of the most modern library facilities in the state of Georgia. The first phase of this four story structure was built in 1968 and the addition was completed in 1980 to provide over 85,000 square feet of usable research/storage areas and over 1,000 seating spaces for students and faculty.

The library presently contains seminar and conference rooms, lockable faculty carrels, hundreds of individual study carrels, a room for microform reading, the Annie Belle Weaver Special Collections Room, large areas for reference, periodical materials, maps and the circulating book collection. Computer terminals, video receivers, typewriters and copy machines are also available to assist students and faculty with their study and research.

The Irvine Sullivan Ingram Library presently houses approximately 260,000 bound volumes, 18,000 reels of microfilms, a limited audiovisual collection and more than 731,000 pieces of microform as well as 13,800 maps and charts and 17,171 volumes/pieces of special collection material. The Library currently subscribes to over 1,493 magazines and newspapers and is also the Sixth Congressional District selective depository for over 135,000 United States government publications.

The Library's automated circulation system is fully operable and faculty and graduate students also have automated access to materials in other United States libraries via SOLINET's on-line interlibrary lending system and may also apply for a Joint Borrower's Card which can be utilized to check out library materials from any of the other thirty-three University System of Georgia institutions' libraries. Literature searches in all disciplines are available through the automated Dialog Information Retrieval Service and the library also has automated book order and cataloging services to insure maximum efficiency of its material processing operation.

The Learning Resources Center (LRC), located on the ground floor of the Geography/Learning Resources Building with an extension in the Education Center, assists faculty members from all departments in improving instruction through the use of audio-visual equipment and materials. A well trained staff is available to provide professional services and consultation in developing more effective means of instruction. Services include production of color slides, B & W film and prints, charts, graphs, dry mounting, laminating, transparencies, audio tape production and dubbing, and film procurement from various film libraries. Equipment includes cassette recorders, record players, overhead, opaque slide, filmstrip and motion picture projectors. The LRC is equipped with a modern television facility located in the Education Center to provide the faculty with up-to-date color video taping capabilities. WWGC, the College's educational FM radio station, is maintained by students and operated under the supervision of the LRC.

SOURCE: WGC Undergraduate Catalog 1986-87, Irvine Sullivan Ingram Library.

The staff of the Library and the Learning Resources Center are comprised of thirty full-time employees. Approximately 50% of the staff members of the Ingram Library are professional librarians holding faculty rank with appropriate graduate degrees in Library Science from accredited library schools.

A compilation of the Library's Acquisition and Services statistics for the past five years is provided in the table below.

West Georgia College
LIBRARY ACQUISITIONS
FY 1982 - FY 1986

WEST GEORGIA COLLEGE
COMPUTER CENTER

Computer Resources

WEST GEORGIA COLLEGE COMPUTER CENTER

Computer Systems primarily used at the Computer Center include two (2) locally operated and maintained CDC OMEGA 480 processors, the IBM Series/1 model F minicomputer, a TI 990-20 minicomputer, and the University System of Georgia Computer Network's (USCN) CDC CYBER 170/730. Other hardware facilities available are described below.

HARDWARE FACILITIES

Description	Quantity
HALCYON 4200 - (1) sends and receives messages to the USCN CYBER processor; (5) support the local area network (LAN) on campus.	6
CMC-4 DPF Units - control the flow of information between the OMEGA CPUs and remote terminals.	2
DEVELCON Smart Switch with 256 async ports and 38 sync ports	1
INTERACTIVE TERMINALS	
Print-Keyboard	
Decwriter-three have APL features	11
Texas Instruments	6
CRT Stations	
Televideo 950	40
IBM 3101	16
Async to sync (3780) protocol converter	2
MICRO's	
Apple II Plus/Apple IIe/Apple IIc	70
MacIntosh	6
Tandy M-12/TRS80	2
IBM PC & Equivalent	116
IBM Displaywriter System	1
IBM Compatibles	6

SOURCE: Computer Center

**MAINFRAME AND MINICOMPUTERS
SYSTEM SOFTWARE FACILITIES**

Title	Description
SAS	<i>Statistical Package</i>
SPSS	<i>Statistical Package</i>
Easytrieve	<i>Information Retrieval and Data Management Package</i>
TOTAL	<i>Data Base Management Package</i>
MANTIS	<i>Online application development system</i>
LMS-II	<i>Text Editor and File Management Package</i>
ENVIRON/1	<i>Communications monitor for the CDC Omega processors</i>
ENTIRE	<i>Front-end security and utilities package for ENVIRON/1</i>
CA-SORT	<i>A general sort package</i>
SIDES	<i>A key-to-disk data entry and job submission package for the IBM Series-1</i>
OS/V5-1	<i>Operating system for the CDC Omega processor</i>
RPS	<i>Operating system for the IBM Series-1</i>
DNOS	<i>Operating system for the TI 990</i>
ASSIST	<i>Assembly language interpreter</i>
WATFIV	<i>University of Waterloo FORTRAN version 5 interpreter</i>
COBOL	<i>IBM COBOL U compiler</i>
PC1 DPT	<i>IBM PC1 optimizing compiler</i>

The available computer resources are used for administrative work of the college, for faculty, student, and institutional research, and extensively for instructional purposes. The demand for data processing resources has grown steadily, both in quantity and quality of resources and in the number of users. The following table demonstrates the OMEGA utilization.

OMEGA BATCH UTILIZATION

User	Percent of Total CPU Time Used	Number of Jobs Run	Percent of Total Jobs Run
Administration	88.6	38,959	64.0
Instruction	7.2	18,989	31.2
Faculty and Institutional Research	2.0	1,503	2.5
System Maintenance and Miscellaneous	2.2	1,378	2.3
<hr/>			
Totals			
Fiscal Year 1986		60,829	
Fiscal Year 1985		88,821	
Percent Increase/(Decrease)		(31.5)	

The Computer Center provides technical and liaison support between instructional research users and the available computational support resources. Faculty, staff, and students can receive guidance about procedures and desirable techniques to be followed when using application packages. Diagnostic analysis support is provided when difficulties are encountered in the use of these resources. Data entry for research, instruction, and administrative work is available. Several high-level programmers plan and develop application systems with the administrative users.

STUDENT SERVICES
OFFICE

Student Services

WEST GEORGIA COLLEGE STUDENT SERVICES

Admissions

Members of the Admissions Office staff travel the state talking with high school and junior college students about West Georgia College, show visitors about campus, sponsor visitation days, work with orientation, and process applications for admissions.

Financial Aid

The Financial Aid Office coordinates financial assistance, funded by the federal and state governments, the College, WGC Foundation, companies and individuals, to approximately one-third of West Georgia's students.

Health Services

The Student Health Center, which houses both an outpatient clinic and the infirmary, is under the supervision of a full-time physician. Nurses are on duty 24 hours a day. The Center is in operation from the day residence halls open through the last day of exams each quarter.

Intercollegiate Athletics

West Georgia College is extremely proud of its successful intercollegiate athletic programs. Women participate in basketball, cross country, softball, tennis, and volleyball and men in baseball, basketball, cross country, football, golf and tennis. All of the men's teams are affiliated with Division II of the National Collegiate Athletic Association (NCAA). Women's teams are members of the NCAA and the National Association of Intercollegiate Athletics (NAIA).

The women's basketball team was runner-up for the national championship in 1976 and won the state title in the 1981 and 1982 seasons. Volleyball teams have been equally successful, having won numerous state championships. West Georgia College men produced a national collegiate basketball championship team in 1974 and a national football championship team in 1982.

Athletic grants-in-aid are available in all sports. Excellent athletic facilities include a Health-Physical Education Complex, football field house, tennis courts, track, baseball diamond, indoor pool, weight room, and numerous practice and playing fields.

Intramural Program

Opportunities for recreation, social contacts and healthful exercise are provided by the College through an excellent intramural program for those not participating in intercollegiate athletics. Intramural competition includes football, softball, basketball, volleyball, tennis, track, bowling, swimming, aerobics, and numerous individual gaming and sporting events.

Placement & Cooperative Education

The Office of Placement and Cooperative Education provides a centralized placement service for all departments at West Georgia College. The Office serves both students and alumni who are seeking full-

time, part-time or summer employment by providing a job listing service whereby students and alumni may keep their resumes, recommendations and related materials on file to be sent to prospective employers upon request. Campus interviews are scheduled throughout the year with representatives from companies, government agencies and school systems. In addition to maintaining a library of current information on state and federal jobs, the job market in general, and various companies, the staff also conducts workshops on resume writing and interview techniques. This Office coordinates the Co-Op program for students desiring to work and go to college during alternating quarters. It also provides application forms and information about internships for students in business, public service agencies and governmental institutions.

Registrar's Office

The Registrar's staff conduct all registration and early registration activities. The Office publishes the quarterly bulletin of course offerings, provides the recording function for all grades received in course work and sends transcripts when requested by the student. An early registration system enables students to obtain confirmed schedules for the next quarter weeks before the quarter begins.

Residence Life

West Georgia living centers meet the physical needs of comfort, safety, and attractive surroundings and aid in the development of a disciplined mind, a social consciousness, and a large degree of responsibility for governing a group's affairs. To this end, the central Residence Life staff supervises the resident advisors, head residents, and resident managers who live in the halls. The central office staff process all housing applications and make hall and room assignments.

Student Activities

The Student Activities staff plan and direct the many phases of college life not directly related to the classroom. They coordinate offerings of the College Program Board, serve as advisors for Greek organizations, Student Government and other student groups, and organize Homecoming and many other activities.

Student Development Center

The Student Development Center offers a variety of services to all West Georgia College students. In addition to professional counselors being available to assist students in coping with personal problems, the Center conducts workshops on a regular basis to assist students in planning for their futures and in dealing with other concerns about college life. Counseling is available for individuals and for groups exploring career options, and a computerized career guidance program is available to help students determine career interests and preferences. The Center also provides a tutorial service and achievement programs for students with study or learning problems. Disabled students with special needs and problems can utilize services provided by the Center, and international students can obtain assistance and advice regarding housing, immigration matters, finances, personal adjustment and referrals to appropriate members of the College and the Carrollton community.
